

## 1-YEAR STANDARD WARRANTY

\* Includes ground shipping.

We care deeply about the quality of our products and the critical services they provide. If you believe you have received a product that is defective, we will resolve the problem for you as quickly as possible, per our 1-Year Standard Warranty.

**Our 1-Year Standard Warranty is applicable to all Workstations sold by ZWORKSTATIONS.COM** unless sold under a separate warranty agreement specified at the time of the initial purchase. **This warranty supersedes any prior statements or representations made prior to purchasing.**

**No warranties or conditions, whether expressed or implied, will apply after the limited warranty period has expired. Some states, provinces, jurisdictions, or countries do not allow limitations on how long an implied warranty or condition lasts, so this limitation may not apply to you.**

**ZWORKSTATIONS.COM (Hereinafter ZW) warrants that its products are free from defects in materials and workmanship for one (1) year after initial purchase date.** The warranty period begins on the date you purchased the product(s) from ZW. If during the one year period a product is found to be defective, ZW will offer one or more of the following solutions at its discretion:

- a. ZW will repair the product
- b. ZW will issue replacement parts for repair
- c. ZW will issue a replacement of comparable or superior quality

### Additional Terms and Conditions

ZW strongly suggests all customers regularly and consistently backup their network data per industry standards, and to initiate a complete data backup of any systems prior to sending in for warranty repair. For any parts that need to be replaced, ZW will require the customer's cooperation in diagnosing any defects or issues with the product and that ZW's warranty processes are enforced. For any incident covered by this limited hardware warranty, you must use ZW provided parts and products, which ZW will provide to you for no additional charge. Failure to use ZW provided products will void this warranty.

### Covered by this limited hardware warranty

This warranty is limited to defects in materials and workmanship occurring during the manufacture or assembly of the system.

### Not covered by this limited hardware warranty

- Any software installed on the system, including the operating system installed by ZWorkstations.com.
- Third-party software or re-installation of software
- Data loss from hardware failure or resulting from efforts to repair the system or associated components
- Problems resulting directly or indirectly from:
  - Improper use of the equipment not in accordance with manufacturer specifications and instructions
  - Lack of preventative maintenance
  - Use of components that are not supported per the manufacturer's specifications or not provided for by ZW
  - Any third-party components added after receipt of system from ZWorkstations.com
  - Products with missing or altered service tags or serial numbers
  - Damage resulting from impact or an act of God
  - Normal wear and tear
- Products for which ZW has not received payment

### Ownership and warranty transfer

Transfer of ownership of servers or workstations without prior written approval from ZW will void the warranty. Resellers or consultants must notify ZW of their intent to transfer ownership and warranty at time of initial purchase. For more information about transferring ownership, contact your sales representative at ZW, or call the number above. Notification should include the serial number of the product to be transferred, name and address used at the time of purchase, and the new name and address to transfer ownership and warranty.

### Returning your product

If a product is found to be defective during the warranty period, ZW must be contacted via phone (+1-310-844-6661) or email (support@zworkstations.com). **For the return process to be completed, a Return Materials Authorization (RMA) form must be completed** via <https://zworkstations.com/rma/>

Technical support and remote troubleshooting are available weekdays from 8:30am to 5:30pm PST. **If any systems, components, or products are returned to ZW under warranty, they will be thoroughly tested and inspected for quality.** On the condition that the systems or components are indeed without any defects, ZW reserves the right to recover any shipping expenses. If ZW determines that the problem is not covered under this warranty, ZW may offer alternate services on a fee basis.

**ZW covers two-way return shipping for continental United States customers** who purchased shipping as part of their original order. International customers are responsible for all shipping costs. **Returned products must be shipped to the address below along with the completed RMA form and the RMA reference number:**
